OPERATIONAL PLAN

The 2004–2006 Operational Plan ended on June 30, 2006. As a result of the planning efforts 79% of the total plan was complete with 100 strategies completed at 100%. The following benchmarks toward each strategic initiative were attained:

- Enhancing Student Success: 81%
- Expand Learning Opportunities: 86%
- Developing Alternative Resources: 72%
- Expanding Enrollment Management: 66%
- Embracing a Collaborative Culture: 88%

The 2006–2008 Operational Plan that is articulated on the following pages directly supports the strategic initiatives that were identified in the 2004–2008 Strategic Plan through measurable goals, objectives and strategies.

The College President and Vice Presidents of Administration, Instruction and Learning Services, and Institutional Advancement and Enrollment Services reviewed the 2004–2006 Operational Plan and made additions and deletions that support the 2006–2008 Operational Plan. For purposes of assessment and to align more efficiently with the College’s budgeting process, the 2006–2008 Operational Plan was taken to the Board of Trustees for approval on March 19, 2007.

Northwest Iowa Community College is accredited by the Higher Learning Commission: North Central Association. In an effort to improve the institutional planning process the College has made an effort to align the planning process with accreditation. The Operational Planning Teams purposefully identified appropriate links between operational goals and the current NCA Criterion (Appendix I). This will allow the College to remain focused on the Criteria into the future.
