Welcome from the President

I want to take this opportunity to welcome you to Northwest Iowa Community College. I am very proud to be associated with NCC and I believe that we are a significant community college that makes a difference in the lives of all of our students and communities.

As a native of Northwest Iowa, I am aware of the strong work ethic of its residents and the value they place on quality education. NCC mirrors those values with a mission of being "a progressive learning college rapidly responding to the changing needs of our global community."

NCC has a long tradition of providing outstanding career and technical training programs. We were the first "technical" college in Iowa, actually beginning as a technical college one year prior to the forming of Iowa's community college system. To this strong beginning, NCC has expanded its programs to include Associate Degrees in Arts and Science, Business and Health programs and Continuing Education classes for Business and Industry needs.

On Tuesday, Sept. 8, voters in the Northwest Iowa Community College District will have the opportunity to vote for the continuation of a 6 cent NCC Equipment Levy. A key element to continuing to offer quality education at NCC is the ability to maintain equipment and technology consistent with industry standards.

This levy is used for the purchase of instructional equipment and enhancing shared programming opportunities for students at NCC. Over the
8 Things every student needs to know

1. Smoking 101

In accordance with House File 2212, which was enacted by the General Assembly of the State of Iowa, NCC became a smoke/tobacco-free campus on July 1, 2008. Smoking and the use of tobacco is prohibited on any college-owned property.

2. Need money?

NCC has an ATM machine on campus and ready for you to use. It is located in Building A, just around the corner from the front desk toward the library. There will be a $1.50 service charge, unless you bank with Iowa State Bank.

3. Parking problems solved

It seems every college campus has one common problem: parking. It seems there is never enough parking to accommodate everyone.

Contrary to popular belief, the problem is not that the college does not provide enough parking; the problem is following simple parking guidelines set forth by the college. Truth be told, NCC has sufficient parking for all students, faculty, and staff, if everyone would just park in their designated areas.

Here is a little refresher just in case you are new to campus or have had a memory loss from last year:

- Students attending classes in Buildings A or B are asked to park in Parking Lot 1, this is the lot south of Buildings A and B.
- Parking Lot 2, south of Building C is where you should park if you are attending classes which are held in Building C.
- If you are attending classes in Building D, you will find sufficient parking located in close proximity to your classrooms if you park in the lot located directly east of Building D, which is Parking Lot 3.
- If you are attending classes in Building H, you should park in the lot directly east of Building H, which is Parking Lot 4.

For the safety of all students, we ask that you park in designated areas only. Cars that are illegally parked may be towed.

If you are unsure where to park, Student Services can provide you with a map of the NCC campus and answer any questions which may arise.

4. Who is your advisor?

Academic and career advising are important components of NCC’s commitment to a positive learning experience with personalized attention. Advising involves both an interactive process designed to facilitate student development and the communication of accurate information on degree programs, courses, resources, college policies/procedures, and career opportunities, all with the objective of helping students attain their individual educational goals. It is important to schedule a time to meet with your advisor during registration to review academic progress and to register for the upcoming semester. Watch your student e-mail for messages from your advisor reminding you of his or her office hours.

Are you unsure as to who your Academic Advisor is? Contact Student Services.

5. Student Services

Need to talk with Admissions or your Student Advisor? Financial Aid? Questions about your e-mail or an online class? Looking for information on Student Activities, Housing, Transcripts, Student Verifications, Careers, or Counseling Services? You can find answers to all these things and more by stopping at Student Services located just inside Building A! The Student Services staff is dedicated to ensuring your time at NCC is a positive experience and committed to helping you meet all your needs and goals. You can be assured that you will be welcomed when you stop by and everyone in Student Services will work hard to either answer your question, find someone to answer your questions for you, or point you in the direction you need to go.

6. Meet the Counselor!

Individual counseling in the areas of career planning, academic planning, interpersonal relationships, personal issues are available on campus! The confidential services of the counselor are available to individuals at no cost. Appointments can be made through Student Services; walk-ins are welcome.

Also, any students requesting special learning accommodations can receive services through the counselor. It is the responsibility of the student to initiate a request for accommodations. It is extremely important for students to contact the accommodations contact person as early as possible to arrange for their accommodations.

The counselor, Beth Frankenstein, can be reached at ext. 242 or via e-mail bfrankenstein@nwicc.edu.

7. Food Service

Hy Vee offers hungry students a variety of options during breakfast or lunch at reasonable prices. The kitchen opens at 7:30 a.m. weekday mornings with breakfast being served until 9:30. Lunch service begins at 10:15 a.m. and runs until 1 p.m. Daily specials, ala carte menus, as well as lunch tickets are available. Also, we have a large variety salad bar available everyday. The daily special that includes a main entrée and two side dishes is $5.25. There is also a $20 dollar punch card that has a $22.50 value available anytime.

Semester meal plans are available. They are:

- Breakfast only is $210 per semester.
- Noon meal only is $390 per semester.
- Combined Breakfast and Noon Meal is $600 per semester.

These prices represent considerable savings on your lunch costs, but must be used during the semester or term in which you purchase them. The meals remaining do not carry over to the next semester or term, so be sure that your program of study allows you the time to come to the cafeteria. Hy Vee does not make refunds after two weeks from the start of the semester.

If you prefer to bring your own lunch, microwaves are available in the cafeteria.

THE OFFICIALS (AND HELLERS)

For more info about this rivalry check out more on page 7.

Helping you out in the Learning Center

The Learning Center, located in Building A on the NCC campus, may be one of the most popular places on campus. Whether you want personalized tutoring on a subject you need extra help with, need to use a computer, wish to use a study room, or desire a quiet place for individuals or groups to do homework, the Learning Center will help you meet your educational needs.

The Learning Center offers free services to all students. Additional services include testing accommodations and instruction for vocational courses or the High School credit programs. A picture ID must be presented before testing.

The Learning Center is open from 8 a.m.–8 p.m. Monday – Thursday and from 8 a.m. – 4:30 p.m. on Fridays. Hours may vary during holidays and different times of the year.

STUDENT AMBASSADORS NEEDED

Develop leadership skills being a

- NCC TeleCounselor—Make phone calls to prospective students
- Special Event Ambassador—Assist with special event days that focus on providing information to prospective students. Special Events may include Campus Visit Days, Campus Tours, and Orientation Days

Employment Opportunity $7.25/hour. Applications available and due at Student Services on August 28th.

For more information contact Lisa Story, lstory@nwicc.edu phone extension 115 or Mindy Witham, mwitham@nwicc.edu, phone extension 132.

EARN EXTRA CASH!

The Collegian is looking for the following PAID positions:

Editor: Assist in coordinating student-driven newspaper. Qualifications: Word processing skills, excellent written and oral communications skills, self-starter.

Photographer: Photograph events on campus as assigned by editor. Gather names of persons in photographs. Other duties as assigned. Qualifications: Outgoing and able to meet deadline.

Writer: Provide stories of events on campus as assigned by editor. Other duties as assigned. Qualifications: Communication, writing, and oral skills required.

Contact: Kristin Kollbaum, Ext. 105 or stop by Room 127A or email kkollbaum@nwicc.edu.

Building skills, maximizing success

The TRiO Student Support Services, TRiO SSS program at NCC, provides students with assistance designed to build academic skills and maximize their potential for completing a college education.

TRiO SSS, a federally-funded U.S. Department of Education program, offering individualized, group, and peer tutoring along with academic advising, career counseling, personal support, and a Technology-to-go program to 160 students annually.

The TRiO SSS program provides regular “Lunch & Learn” workshops and an outlet for new cultural experiences and occasional outings to area cultural events ranging from theater to ballet with all activities provided FREE to students who meet eligibility guidelines. The grant sets the criteria for students who are involved.

There are four TRiO SSS employees ready and willing to help. Laurie Edwards is the TRiO SSS Director; Lucy Penner is the Academic Specialist; Mary Barden is the part-time Academic Specialist; and April Klein is the program secretary.

TRiO SSS participants include students who achieve 4.0 GPAs and students who attain less than 4.0 GPAs.

No matter where your Grade Point Average may fall, TRiO SSS has something to offer to you. Stop in today and pick up an application.

The TRiO SSS office is located in 104A across from the Bookstore; or you can apply online at http://www.nwicc.edu.

FREE SERVICES PROVIDED BY TRIO

ACADEMIC ADVISING
- Participants receive guidance in scheduling appropriate courses for completing their course of study. Mid-term progress reports are reviewed and assistance is provided to students in need.

CAREER PLANNING
- TRiO SSS staff provides free career counseling to participants. For those with questions concerning careers, possible salaries, and projected job market we will schedule the CHOICES assessment through the Career Center.

PERSONAL COUNSELING
- Personal counseling is available to participants dealing with issues that can interfere with their academic success. Students with issues beyond the scope of the TRiO SSS staff will be referred to an appropriate service provider.

FINANCIAL AID ADVISING
- TRiO SSS helps participants maximize their financial aid potential by providing scholarship information. Guidance is also given to complete the FAFSA (Free Application for Student Aid), a form required by the federal government to be eligible for financial aid.

TUTORING
- Professional and peer tutoring are available to TRiO SSS participants. Tutoring and basic skill classes are provided for those students in need of additional support, enabling them to excel academically.

TRANSFER ASSISTANCE
- TRiO SSS can assist in exploring colleges and areas of study. Group campus visits to four-year colleges are scheduled so participants can make decisions based on first-hand knowledge. Detailed information will be provided to students planning to transfer.

LUNCH & LEARN WORKSHOPS
- TRiO SSS provide weekly Lunch & Learn workshops, helping students acquire useful skills while enjoying a free lunch in a relaxed atmosphere. Workshop topics include: Learning Styles, Mastering Test Anxiety, Time Management, Formal Dining Etiquette, Resume Writing, Interview Preparation, and Note Taking Skills just to name a few.

CULTURAL ACTIVITIES
- TRiO SSS offers access to a variety of cultural events at no cost to the participants. Off campus activities include plays, operas, ballets, symphonies, dinner theatres, museums, and much more.

Everything you wanted to know about the library...but were afraid to ask!

By: the Library Staff

Libraries are full of information, but much of what you really need to know cannot be found on the shelves. Here are some of the most common questions that our patrons (students, faculty, and staff) have asked. Keep those questions coming!

1. Is this the bookstore?

No. This is probably the #1 question we get asked at the beginning of each semester, so don’t worry about being embarrassed! The bookstore is just a few doorways down from us in Bldg. A. We will loan you books instead of selling them, but we would be happy to take donations for the “Library Staff Vacation Fund.”

2. Can we eat in here?

If you ever come in the library around 9:30 in the morning, you will likely see us enjoying a nice cup of coffee and a mid-morning snack, so we thought that students probably need the caffeine and sugar as much as we do. You can eat and drink in here (no 5-course dinners allowed) but please make sure and clean up your mess.

3. What time do you close?

Monday-Thursday we close at 8:30 p.m., and on Fridays we close at 4:30 p.m. We are not open on weekends or holidays. Our databases, card catalog, and other online resources are available to you 24-7, since we cannot be. There are user names and passwords required to access these resources. Come in and say “hi” and we would be happy to assist you with these.

4. Can you make a copy of this for me?

No, but we do have a copy machine that you can use. Instructions are free, but copies will cost you 5 cents. For additional questions, such as “Do you have change?” or “Can this copier make change?” the answer is “yes.”

5. Is anyone in charge here?

This question is shocking! Why? Does it look like no one is in charge? Our work study students get this question quite a bit, but most of the time, Melly Galm, our Library Director, along with Nancy Filkins and our newest staff member, Sarah Breems, the Library Coordinators, try to keep the students in line. Our work-study students can handle most questions or problems you may have — just ask (in a quiet voice, of course).

6. What is my user name and password?

We have signs posted with most of the information that you need for grades, e-mail, or logging on to the computers. For the majority of the formats, you will need to know your last name and social security number. For more information, or if you are having any trouble, let us know.

7. How do I get a library card?

Guess what? If you have a student ID, you are already in our system — we know who you are. If your personal information, such as last name, address, or phone number has changed since you registered, please let us know when you stop by. If you do not have an ID, we can issue a library card for you to use and enjoy. We certainly wouldn’t want to deprive you of checking out books or videos!

8. What does it cost to print?

Nothing! If you are a student and are printing for academic purposes, the library doesn’t charge for printing at this time. Please don’t kill too many trees, and remember to follow all copyright guidelines. If you have questions about printing in different formats, we will be happy to help.

9. Will you help me write my paper?

The library staff will be happy to assist with research (finding books, articles, or websites) and with the formatting (MLA or APA) of your paper, but the Learning Center is a great place to go for the actual writing process and editing. The staff in the TRIO room will also assist you with this process.

10. I have to commute to school and I get bored driving. Do you have a solution?

We have a great collection of audio books on CD and tape. Check out the link for WILBOR on the library website for books in MP3/WMA format. We even have MP3 players that you can check out, so you can listen to books no matter where you are — at home, in your car, or in class. Scratch that last one...

Our library staff is always willing to help with most of your academic needs and if we don’t have the answer, we will try and find out for you! Where else can you find librarians with a sense of humor, and a vast knowledge of the Library of Congress?

---

Timmer wins NCC Leadership award

Northwest Iowa Community College's Student Leadership Award was presented to Laura Timmer, Health Information Technology graduate, Ellsworth, MN, by Kristi Landis, Enrollment Specialist/Student Activities/Career Center, and Mari-Beth Lane, Health Information Technology Instructor, at NCC's commencement ceremony held on Friday, May 24.

Landis stated, "It was easy to see from the get-go that this student was unique with a true "I can do it if I put my mind to it" attitude. Timmer participated in multiple football and softball events, and even became co-captain of this year's co-ed Flag Football team. Beyond athletics, she became active in a number of other organizations including Campus Crusade for Christ, Student Ambassadors, and is currently serving as President of the Health Information Technology Club.

Landis continued, "She has always been a great representative for NCC, as she willingly promotes our college during campus visit days and our NCC basketball nights. She also always keeps her apartment just clean enough to let us show it to a prospective NCC student who would like to see what on-campus living is like. Furthermore, this last January she attended the Student Legislative Session in Des Moines where she lobbied for issues important to students just like her."

Timmer stated, "I was very honored to receive the Student Leadership Award. It is a great compliment to be recognized as a leader amongst the students of NCC."

Earlier this semester, nominations for this award were submitted by faculty, staff and other students from NCC. Nominations had to include a narrative of specific activities or events that show this person's leadership abilities. After all nominations were submitted, a team of faculty and staff read the narratives and voted on the most deserving candidate.

Timmer plans to enroll in the Nursing Program at NCC in the fall to continue her education.
NCC Students compete at National Skills USA

Northwest Iowa Community College students competed at the National Skills USA Conference in Kansas City during the week of June 22, 2009. The conference is an annual event where career and technical education students from around the United States showcase their skills. Skills USA is the national organization for students in trade, industrial, technical, and health occupations education.

The following NCC students competed and received recognition for placing in their category:

- **Industrial Motor Controls:** 1st place in the nation, Ben Marso, Bode, IA.
- **Mechatronics:** 4th place team in the nation, Eric Fedler, West Point, IA, and Ryan Parker, Cherokee, IA.
- **Automated Manufacturing Technology:** 4th place team in the nation, Neil Schettler, Sheldon, IA; Logan Rohwer, Spencer, IA, and Lance Wilben, George, IA.
- **Community Service:** 5th place team in the nation, Dustin DeWild, Boyden, IA; Austin Gisolf, Rock Valley, IA, and Travis Morton, Sibley, IA.
- **Residential Wiring:** 10th place in the nation, Logan Willmert, Elmore, MN.
- **Job Skills Demonstration:** 14th place in the nation, Jeremiah Nelson, Hull, IA.
- **Technical Drafting:** 17th place in the nation, Brandon Ackerman, Sibley, IA.
- **CNC Milling:** 17th place in the nation, Kenton Vore, Orange City, IA.

It’s a Northwest Iowa Rumble...

On Friday, Sept. 25 the third annual NCC vs. WIT Flag Football event will occur! It’s a co-ed event and girls are encouraged to participate! Kick Off is at the Western Iowa Tech campus at 5 p.m. There is no cost to participate and you will get a free NCC team T-shirt! Immediately following the game is a free meal and a dance, which is open to NCC students. Spectators welcome. If you wish to play or have additional questions, contact Kristi Landis at klandis@nwicc.edu or stop by Student Services!

President’s Welcome Continued

**PRESIDENT**

Continued from page 1

last 10 years, the College has used the money to purchase trucks for the Powerline Program, hoists for Automotive Technology and Truck and Diesel programs and welders for Welding and Collision Repair and Refinishing programs. In addition to the equipment students use everyday in the learning process, the College has upgraded technology, including the purchase of over one hundred computers from a local Area IV vendor.

I urge you to vote on Tuesday, Sept. 8. As a student and/or as a voting citizen, you can exercise your right to vote.

If you need help registering as a voter, see Kristi Landis, NCC Student Activities Coordinator, register at the Student Organization Fair on Aug. 26 or visit this website for the information on registering to vote: http://www.sos.state.ia.us.
