JOB OPPORTUNITY

Company: P & G Oral Care
Iowa City, IA

Manufacturing – Plant Technician: Job Code: MFG00005512

We are currently seeking candidates for plant technician roles in several areas. At P & G, plant technicians are hired as members of a work team. Technician work teams are responsible for keeping production flowing, for meeting performance goals and for maintaining the high level of quality that consumers expect from our products. Technicians do various types of work including operating high-speed production equipment, using computers to analyze data and performing preventive maintenance on equipment. Technicians are expected to get involved, take charge of situations and confront business-related problems.

The online application process starts by accessing www.pg.com>Careers>Search & Apply for Jobs. Search for Iowa City jobs or search directly using the Job Code listed above.
