JOB OPPORTUNITY

Company: Smithfield
Denison, IA

MAINTENANCE PRODUCTION: Performs maintenance and repair services in more than one craft. This position is in a hog slaughter and processing facility, and pays based on progression through the internal Certified Maintenance Mechanic program and includes shift premium for 2nd and 3rd shift.

General mechanic for pork processing; loins, hams and bacon operations. Troubleshoots and diagnoses equipment and systems for emergency repairs. May include: welding, cutting, grinding, drilling, running sewer machine, changing belts, bearings, gearboxes, replacing needles in injectors, air/hydraulic cylinders, switches, and conveyor belts, bacon presses, and cry-o-vac machines. Performs preventative maintenance routines & inspections. Assist Maintenance Supervisor or Maintenance Manager in more complex repairs. Responsible for lock out/tag out and fire watch.

QUALIFICATIONS: AA degree from 2 year college or technical school; and 2-4 years related experience or training or equivalent combination of education and experience preferred. Welding experience is REQUIRED.

Apply: Go to www.smithfieldfoods.com/careers and complete an application electronically.
