Bohnet Receives Northwest Iowa Community College Outstanding Faculty Award

Mark Bohnet, Electrical Trades and Technology Instructor at Northwest Iowa Community College, was awarded the Outstanding Faculty Award during commencement ceremonies on May 16, 2014. Bohnet was presented the award by Dr. John Hartog, Vice President of Student & Academic Services.

Bohnet, who has been with the college for twenty four years, was nominated for the award for his exemplary instruction and service to the College and its students. The four categories considered are: excellence or innovation in teaching; performance beyond average; commitment to personal/ professional development; and team/committee participation.

In a letter of recommendation one of Mark's colleagues wrote, "Mark has a passion for the discipline that he teaches in, but more importantly a passion to see students as individuals, learning, growing, using their gifts to the best of their ability and being a positive example to them."

In addition to a glass trophy, Bohnet will receive the opportunity to attend an educational conference of his choice with expenses paid by the College.

Bohnet is a resident of Sanborn, Iowa.
