### **Northwest Iowa Community College Offers a New Entrepreneurial Small Business Camp**

Northwest Iowa Community College is happy to announce a new business camp called *Entrepreneurial Small Business Camp* beginning in the fall of 2015. It will be considered a concurrent enrollment course which means participants will earn college credit upon completing the camp.

The camp will focus on what is needed to start and succeed in their own business. Participants will have an internship with a local business, attend a business workshop in the fall, and attend a week long business class on the NCC campus (to be held during the summer). The camp will be offered to students who are currently freshman, sophomore, and junior high school students.

This coming year, the program will be taught in the fall semester and the students will receive three college credits upon completion of:

1. One booster workshop, during the fall semester
2. Completion of a 30 hour internship, during the fall semester
3. Summer Institute Camp which will be taught and held on the NCC campus Monday, August 3, 2015 through Friday, August 7, 2015. Students will live on campus in the NCC dorms for one week while participating in the camp.

Also, upon completion of this camp the participant will qualify for a \$500 scholarship to attend NCC directly after their senior year of high school.

The enrollment deadline is June 1, 2015. Participants will need to register with their local high school Guidance Counselor. If you have any questions regarding the camp or would like a camp brochure contact Donna Ascherl, Coordinator of Secondary Programs, at 1-800-352-4907 ext. 308, or e-mail at [dascherl@nwicc.edu](mailto:dascherl@nwicc.edu).
