NEWS RELEASE

*May be published
when received.*

The Northwest Iowa Community College Electrical Program will celebrate their 40th Anniversary Tuesday, February 2, with an open house from 4:30-7 p.m. Hot dogs, chips and refreshments will be served. Tours of the Electrical Program's classrooms and labs will also be given.

If you are an alumnus of any of NCC's electrical programs or thinking about entering the electrical field plan on joining us. You will be able to reconnect with past and current instructors, past classmates, talk to current students, and find out more about the Electrical Programs at NCC!

Byron Krull, Electrical Program Instructor, commented, "All of us involved with the Electrical Program at NCC would like to invite you to come celebrate our 40th Anniversary. Please come tour our labs and classrooms and see how we have evolved over the past 40 years! We would love to see and catch up with past students and meet and talk to potential students and parents."

The current Electrical Programs offered at NCC are: Electrical Technology, Industrial & Commercial Wiring, Industrial Instrumentation & Control, Powerline, Powerline Technology and Engineering Technology.

There will be tours starting in Building C or you can have a hot dog and wander through the buildings, classrooms, and labs. Students, faculty, and staff will be on hand to answer any questions you may have about NCC.

If you haven't been to campus for a long time or if you have never been to NCC this is a great time to come out and see what NCC, your Community College, has to offer you!

For information on any of NCC's 40 programs or to find out more about NCC's Electrical Program Anniversary Celebration contact the Admissions Office at studentservices@nwicc.edu or call 712-324-5061 or 1-800-352-4907. Or visit our website at www.nwicc.edu.
