Microsoft Excel 2013 Course Offered at Northwest Iowa Community College

If you have some experience with Microsoft Word, it is time to get hands-on experience discovering the tools and features of Microsoft Excel 2013. Excel is a powerful program that helps users to create and organize spreadsheets that will save you time, help you communicate better and have a professional look. In this class, the instructor will guide you through the steps of building a user-friendly worksheet, both for the reader and the creator. Then you will be introduced to the important formula/function feature in Excel. Learning how to use Excel formulas is very critical for the successful use of spreadsheet software. The more you learn about formulas, the more you will want to know!

This class that will be held in the Sioux Center Library Computer Lab, Course #52191 on Wednesdays, October 12 and 19 from 12:30-4:30 pm **OR** at Northwest Iowa Community College in Room 514H, Section #52192 on Thursdays, October 13 and 20 from 5:30—9:30 pm.

Twyla Vogel, Microsoft Office Specialist, will be the instructor for the class. The cost is \$69. **To register, call Northwest Iowa Community College at 712-324-5061 or 800-352-4907 and ask for Continuing Education.**
