Fun/Art Welding Project Class Offered at Northwest Iowa Community College

Northwest Iowa Community College will offer a Fun/Art Welding Project course on 2 consecutive Saturdays, April 1 & April 8, 2017, 9 am – 12 pm. The class will be held in the NCC welding shop, Room 424, in Building D.

Come learn and experiment with a wire or stick welder and create a unique piece for your home or yard. Participants are asked to bring any retired metal from home and spend time in the welding shop to improve their welding skills. Participants are required to wear long pants and closed-toe shoes. These items are encouraged, but are not required and will be provided otherwise: safety glasses, welding gloves and welding helmet.

The instructor for this course is Nancy McDowell and the fee is \$95. Register online at www.nwicc.edu or, call the Continuing Education office locally at 324-5061 or toll free at 800-352-4907.
