Gap Tuition Assistance Available Through Northwest Iowa Community College

The Gap Tuition Assistance program provides tuition funding for approved Continuing Education certificate training programs in occupations including information technology, health care, advanced manufacturing and transportation. Since non-credit programs are not eligible for federal financial aid, this program bridges the funding gap for those students pursuing short-term certificates. Currently at Northwest Iowa Community College, the following courses are eligible for this program: Certified Nurse Aide, Medication Aide, and Welding. Depending upon an individual's financial eligibility, they may receive full or partial assistance with direct training costs, including tuition, books, and required fees and equipment.

A free information session to learn more about this program will be held on Thursday, March 6, 2014 at 6:30 p.m. in Room 304C on the campus of Northwest Iowa Community College. For more information about the Gap Tuition Assistance Program, or to register for the free information session, call 1-800-352-4907 or 324-5061 and ask for Continuing Education.
