Using Mail Merge in Microsoft Office Course Offered at
Northwest Iowa Community College

Using mail merge for a multiple mailing not only saves a lot of time, but allows you to personalize your correspondence. This session will guide you through the steps of linking files in Microsoft Word and Excel to assemble a customized mailing to all your recipients with one letter, form, envelope or label. Making your mail merge “intelligent” by using IF fields will also be taught. Hands-on instruction will be provided with Microsoft Word and Excel 2013 software.
