Northwest Iowa Community College to Offer a Microsoft Excel 2013 Level 1 Course

If you have some experience with Microsoft Word, it is time to get hands-on experience discovering the tools and features of Microsoft Excel 2013. Excel is a powerful program that helps users to create and organize spreadsheets that will save you time, help you communicate better and have a professional look. In this class, the instructor will guide you through the steps of building a user-friendly worksheet, both for the reader and the creator. Then you will be introduced to the important formula/function feature in Excel. Learning how to use Excel formulas is very critical for the successful use of spreadsheet software. The more you learn about formulas, the more you will want to know!

This class will be held at the Sioux Center Library Computer Lab, Course #44733, on Mondays, May 18 and June 1 from 12:30—4:30 pm. **OR** at Northwest Iowa Community College in Room 427D, Course #44732 on Wednesdays, May 20 and June 3 from 5:30—9:30 pm.

Twyla Vogel will be the instructor for the class. The cost is \$59.

To register, call Northwest Iowa Community College at 712-324-5061 or 800-352-4907 and ask for Continuing Education.
