Northwest Iowa Community College to Hold College Fair and Junior Career Day

All area high school juniors and their parents are invited to learn more about their college options at the NCC College Fair from 9:30 a.m. to 11:30 a.m. on Monday, October 10th, at the Lifelong Learning and Recreation Center. The college fair will be hosted by the Iowa Association for College Admission Counseling.

Representatives from over 60 colleges, universities, and military branches will be in attendance. The purpose of the program is to give high school students and their parents an opportunity to discuss admission requirements, housing, financial aid, scholarships, internships, and specific majors.

The Career Exploration portion of Junior Career Day gives juniors the opportunity to focus on their specific career aspirations. They explore three career areas and speak with mentors who are working in those professional fields.

The program is free and open to the public. All area high school students and their parents are welcome to attend. For more information regarding the college fair, call Lisa Story at Northwest Iowa Community College. For more information regarding the career exploration sessions, call Donna Ascherl at Northwest Iowa Community College.
