Northwest Iowa Community College's West Entrances Blocked Due to Road Construction

Northwest Iowa Community College has been notified by the Sioux County Engineer's office road work will begin soon on Marsh Avenue. This is the county road on the west side of NCC's campus. The work is expected to take approximately forty-five days. All of the western entrances to the College will be unavailable during this time.

The Sioux County Engineer's office was not able to give a specific day when work will begin, but it is expected to be sometime late in the week of August 28 or just after Labor Day.

All visitors, students and staff driving to campus will need to enter NCC by the way of College Drive which is located on the east side of campus next to the Lifelong Learning & Recreation Center (LLRC). Everyone will still have access to Parking Lot #1, the parking lot located in front of Building A, by way of the gravel strip in front of Building C. NCC will also have on-campus signage that will assist visitors in finding their way.

While we expect our regular students, faculty and staff will quickly adjust, campus visitors may have on-going challenges. NCC apologizes for any inconvenience that may occur during this transition. If you have any questions before driving to campus please call 712-324-5061, 1-800-352-4907 or email us at contactus@nwicc.edu.
