Setting Up and Configuring a Small Home Network

In today's world, we are always somehow using networks. Knowing how to set up and configure a network properly is beginning to be something everyone should learn, at least, a little about. In this class you will be taught how to set up a small home network. We will go over everything you need to know to get you up and running with your home network. You will learn how to setup both wired and wireless type networks. You will also learn how to keep your network safe, secure, and reliable.

Class information:

- Two sessions on Thursday, June 21 and June 28 from 6:00 pm – 9:00 pm at Northwest Iowa Community College in Room 204B, Section #30635
- Cost: \$39
- Instructor: Brandon Nelson

To preregister: Call Northwest Iowa Community College at 712-324-5061 or 800-352-4907 and ask for Continuing Education.
