Schneider Awarded Fellowship Status in the American Health Information Management Association

MariBeth Schneider, MS, RHIA, FAHIMA, Health Information Technology Program Director at Northwest Iowa Community College has been awarded fellowship status in the American Health Information Management Association (AHIMA). Fellowship recognizes “significant and sustained contributions to the advancement of the Health Information Management Profession.”

The AHIMA Fellowship Review Committee found that MariBeth’s professional experience and background clearly demonstrated sustained and significant contributions to the profession. With this award comes the addition of the FAHIMA credential.

"I am honored to be recognized as a Fellow of the American Health Information Management Association! This professional recognition represents my strong belief in the profession, my love of teaching, and my drive to help others succeed," Schneider said.

This distinguished professional status is a lifetime recognition. MariBeth is one of the 185 AHIMA members recognized with this designation out of the nearly 103,000 health information management professionals nationwide.
