INTRODUCTION TO WINDOWS 10 AND THE INTERNET OFFERED AT NORTHWEST IOWA COMMUNITY COLLEGE

Do you have a computer with the new Windows 10 operating system? This operating system combines the familiarity of Windows 7 while incorporating new features for the future. This system is flexible, adaptable and customizable. In this hands-on class, you will work with your own computer to learn how to use the mouse, keyboard and commands. Simple tasks will be done while customizing your computer. Students will also learn the fundamentals of getting onto and searching the internet, which will include the new browser, Edge. There will be two sessions in Room 514H at Northwest Iowa Community College from 6:00 to 9:00 pm on August 25 and September 1, Section #52186. The cost of the class will be \$59 and will be taught by Twyla Vogel.

To register, call the Continuing Education direct local line at 712-631-5500 or Northwest Iowa Community College at 800-352-4907 and ask for Continuing Education.
