Introduction to Windows 8.1 and the Internet Course Offered at Northwest Iowa Community College

Do you have a new computer with the Windows 8.1 operating system? In this class, you will learn how to move around within Windows 8.1 with the new Start screen, Charms bar, and desktop. You'll find out how to manage apps and programs on the Start screen and how to customize the Start screen and desktop areas. Overall, you will gain a better understanding of how to organize and manage your new computer. This new operating system also allows new ways of viewing what is on the internet! **All students need to bring their own laptop to class. Computers will not be provided.**

There will be one session on Thursday, April 23 in Room 514H at Northwest Iowa Community College from 5:30 to 9:30 pm, Course #44726. The cost of the class will be \$35 and will be taught by Twyla Vogel.

To pre-register: Call the Continuing Education direct local line at 712-631-5500 or Northwest Iowa Community College at 800-352-4907 and ask for Continuing Education.
