2nd Place – Brady Kooiker, Sheldon

Diesel Technology – High School

2nd Place – Kellie Einck, Primghar

More than 400 students competed at the state level for the opportunity to represent the state of Iowa at the National Leadership and Skills Conference. At the national level of the SkillsUSA Championships, over 4,600 students compete in 80 occupational and leadership skill areas.

SkillsUSA programs help to establish industry standards for job skill training in the lab and classroom, and promote community service. SkillsUSA is recognized by the U.S. Department of Education and is also cited as a "successful model of employer-driven youth development training program" by the U.S. Department of Labor.

The mission of SkillsUSA is an applied method of instruction for preparing America's high performance workers in public career and technical programs. It provides quality education experiences for students in leadership, teamwork, citizenship and character development. It builds and reinforces self-confidence, work attitudes and communication skills. It emphasizes total quality at work: high ethical standards, superior work skills, life-long education, and pride in the dignity of work. SkillsUSA also promotes understanding of the free-enterprise system and involvement in community service.

Each year NCC has consistently brought home awards and several national qualifiers from state SkillsUSA competition. For more information on SkillsUSA, or about any of the more than 40 programs offered at Northwest Iowa Community College, contact us by calling 712-324-5061 or 1-800-352-4907, email at studentservices@nwicc.edu, or visit our website at www.nwicc.edu.
