

# **Radiologic Technology Program Northwest Iowa Community College**

As an accepted student in Radiologic Technology it is required to complete job shadowing hours. This experience allows firsthand knowledge of the X-Ray Tech career field.

### **Job Shadowing Expectations**

- Observe all areas in the department to gain an understanding of what a technologist does on day to day basis.
- Dress appropriately in business casual or scrubs.
- Adhere to a no cell phone policy while shadowing.
- Be respectful of staff and property.
- Prepare questions for the technologists.

Candidates Name: \_\_\_\_\_

Site (s) of shadowing: \_\_\_\_\_

Number of hours : (12 hrs minimum is required) \_\_\_\_\_

Dates that shadowing was acquired: \_\_\_\_\_

Exams or experiences you had while shadowing and anything you liked or disliked about your experience: \_\_\_\_\_

Technologist (s) signature stated that the above is true including the number of hours spent at each site. \_\_\_\_\_

Candidates may acquire the minimum 12 hours at various settings and at different intervals of time, with a minimum interval of two hours. If this form is submitted without the required number of hours or if the required numbers of hours have been falsified the candidate will not be considered for admission into the Radiologic Technology program.

**Job shadowing forms must be completed and returned by August 15th.**

Any questions regarding shadowing may be directed to: Kelsey Van Beek, Radiologic Technology Instructor, at NCC. 712-324-5061 EXT 237.
