

Additional Important Information – Production Welding

All Production Welding students are required to have a laptop computer that meets the following specifications.

- Windows based laptop
- Processor: Intel i3 or Intel i5
- RAM: 8GB or more
- Hard Drive Size: 250GB or more
- Web Browsers: Chrome or Firefox
- Wireless Speed: 802.11 G/N/AC
- Operating System: Windows 10 or Windows 11
- OS X – 10.15 or newer

Estimated cost: \$550.00-\$1000.00

Microsoft Office is provided for all enrolled students at NCC for free. Students will receive instructions on how to obtain Office for their device via their college email at the start of each term.

Questions about the computer requirement can be sent to:
